

Galliker Transport AG receives TISAX[®] label

TISAX[®] (Trusted Information Security Assessment Exchange) is a registered trademark of the ENX Association and a standard for information security developed by the German Association of the Automotive Industry (VDA).

Confidentiality, availability and integrity of information are of the utmost importance to Galliker Transport AG. We have therefore taken extensive measures to protect sensitive information and follow the catalogue of questions for information security of the German Association of the Automotive Industry (VDA ISA).

TISAX[®] test results of Galliker Transport AG

The TISAX[®] assessment results are not intended for the general public. The detailed TISAX[®] assessment report is available to interested parties on request. Further information can also be accessed on the ENX platform (<https://portal.enx.com/de-DE/>) with the corresponding login.

Below is our extract with Participant Number P9C054, regarding label fulfilment including validity period. The assessment was carried out under TISAX[®] Scope ID SNY3XR.
