

Carbon Disclosure Project (CDP)

CDP is a not-for-profit charity that runs the global disclosure system for investors, companies, cities, states and regions to manage their environmental impacts. The world's economy looks to CDP as the gold standard of environmental reporting with the richest and most comprehensive dataset on corporate and city action.

Our vision and mission

We want to see a thriving economy that works for people and planet in the long term. We focus investors, companies and cities on taking action to build a truly sustainable economy by measuring and understanding their environmental impact.

Our values

1. We default to transparency
2. We place accountability at our heart
3. We learn and improve
4. We succeed together

The challenge

We must act urgently to prevent dangerous climate change and environmental damage. That starts by being aware of our impact so that investors, companies, cities and governments can make the right choices now.

How we are governed

CDP Global is an international non-profit organization comprising of CDP Worldwide Group, CDP North America, Inc. and CDP Europe AISBL. It is directed by a board of trustees and board of directors respectively. As an international organization, CDP receives funding support from a wide range of sources.
