

Karriere **by Galliker**

Every day we transport new vehicles from seaports such as Zeebrugge, Antwerp or Bremerhaven and from vehicle factories to Switzerland. For these transports we can rely on a top modern international fleet of more than 100 car carrier trailers.

Immediately or by agreement we are looking for

Drivers CE – International Car Transports

The task of an international driver contains loading / unloading and transport of a variety of brand new vehicles from the ports and manufactories to our compound in Altishofen, Switzerland.

We are looking for flexible drivers with some years of experience in the transport business. The education for the specific work will be done by our transport academy.

You need:

- driving license C / CE
- high flexibility, independency
- experience in driving
- skills in English, French or German

We offer:

- an interesting job in an exciting, international environment in a traditional family business
- good working and salary conditions
- annually in-house obligation formation courses
- professional introduction in loading / unloading cars
