

Access conditions – obligations in terms of granting of free network access (Art. 8 Abs. 5 GüTG / Art. 6 GüTV)

General informations

The two terminals are owned by Galliker Transport AG:

- Kantonsstrasse 2, CH-6246 Altishofen LU, siding track Dagmersellen
- Knottenstrasse 9, CH-9422 Staad SG

Access conditions

Access to the network is guaranteed for third parties after consultation with the operator. The available capacity must be requested by the service user. The swap bodies and containers must have a railway approval and be codified accordingly. Dangerous goods can be transshipped in principle but not in all classes. The classes and the registration process are to be requested in advance. The chauffeurs must be trained in advance about the rules of conduct in the terminal. These rules of conduct as well as the observance of the safety rules are requirement for the access to the terminals. The transshipment from the transfer group in the terminal takes place through by the staff of Galliker Transport AG.

Plant description

Only containers and swap bodies are handled by crane. Other containers / vessels up to 45 feet, which have the same pick-up points for the cranes, can also be handled. The containers can be transhipped to 40t total weight. There are no storage areas available.

Terminal	Dagmersellen	Staad
Number of gantry cranes	1	1
Track number	1	1
Roadway crane in meters	200	30
Truck roadway	1	1
Connection to the railway infrastructure (railway station)	Dagmersellen	Staad

Capacity allocation

The available capacity must be requested by the service recipient via telephone (+41 62 748 88 30) or by e-mail (transportleitung.national@galliker.com). The order period of at least 24 hours must be considered. The cancellation is free of charge up to 12 hours before the order is executed.

It applies the general terms and conditions of the Operateure as SBB Cargo AG, HUPAC or EVU as well as the plant-specific regulations (operating regulations).

Performance spectrum

The terminals for transshipment (crane) containers and swap bodies are open from Monday to Friday from 07:00 a.m. to 09:00 p.m. and on Saturday from 07:00 a.m. to 12:00 a.m. Transshipment outside opening hours on request.

Billing

1 Direct transshipment (truck on train or train on truck) of 1 swap body or similar inclusive transshipment: CHF 55.–,
1 Additional crane in the terminal without transshipment effort: CHF 40.–.

The relevant terms and conditions of payment apply (30 days net).
