

Insurance management for warehousing

Liability of Galliker Transport AG including all entities and business units is determined by the revisions of the "General Conditions of SPEDLOGSWISS" for warehousing (GC Spedlogswiss Warehousing, September 1st, 2001).

The Logician is only liable for negligence

Galliker is responsible for careful performance towards the customer.

Galliker's **maximum liability is 8.33** Special Drawing Rights per kilo of the goods affected by the loss or damage or inventory difference, subject to a **maximum of 20,000 Special Drawing Rights*** per single occurrence. A single occurrence is assumed in cases when the same cause of loss or damage or inventory difference affects multiple storage orders. Further liability for consequential damages is excluded. This specifically applies to claims for financial loss, lost profit and contractual penalties.

Under no circumstances shall Galliker be liable in the event of loss or damage due to natural hazards such as fire, water, windstorm, hail, landslide, other Acts of God, etc. Nor shall Galliker be liable in the event of theft, acts of war, sabotage, terrorist attacks and the like.

It is therefore in the interests of the customer (hirer) or the owner of the deposited goods to arrange suitable insurance cover. We will be happy to help you with this.

Please contact us at any time if you have any queries.

ppa. Peter Steinmann
Manager QM/UM & Insurance Management
Galliker Transport AG
